The Special Relationship and the Birth of Treason					
Some People and their Problems					
Queen Victoria Reign 20 June 1837 – 22 January 1901. It was really an opportunity. The more advanced Great Britain in the 1870s undergoes a policy shift base on new conditions. Victoria married her first cousin, Prince Albert of Saxe-Coburg and Gotha, in 1840. Their nine children married into royal and noble families across the continent, earning Victoria the sobriquet "grandmother of Europe". The out-of-wedlock families knowing who they were began being people of influence in the world. This included Andy Warhol, Marilyn Monroe, and others. Malcom X and others were used to continue to study and breed bastard children who could be placed in countries around the world. The FBI, Donald Barr, and Mr. George H.W. Bush of the CIA, Tombly, Nixon, and the Rockefellers, Prouty and Donegan are a part of this and the DOnegan family was already connected to the Kennedy's, at ATSUGI they met the Hunt Family, and during my family's atomic testing participation they contributed DNA likely eggs and sperm for testing. I Ed Donegan assert the CIA planned Barrack Obama Jr and the Kelly brothers as part of testing. By the time RFLP began in 1983 and family databases in 2011 the CIA had to move to cover it all up.					

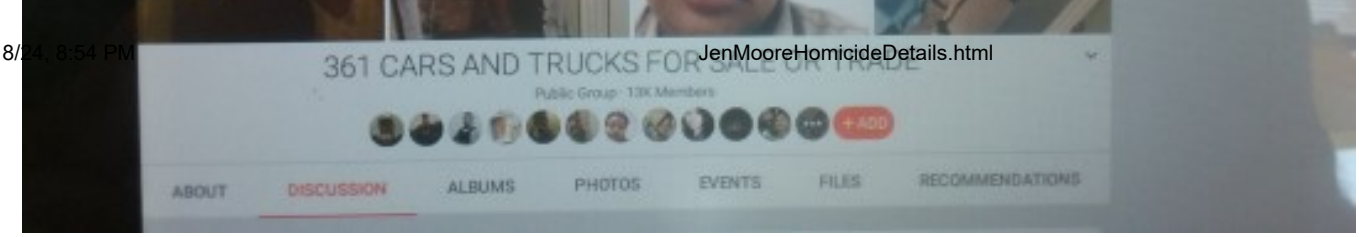
In the days leading up to August 12, 2018 I was asserting a program started in at least 2015 that Jen Moore also asserted

Some of the richest in the world live in Corpus Christi. Called by some the poor multi-milloniares Florida type homes are used along the Nueces County Texas gulf coast by those escaping winter elsewhere and during the Texas summer they remain vacant and mothballed. In increasing immigrant population is randomly selected by Facebook as I join 361 Cars for Sale. Those of us considering used car show in the group start page.



RunningIn361NuecesTexas.jpg It seemed this group with the help of others decided to shake down an impersonator of me after staging I was a retarded child seeking my developmental level in underage females.

JenMooreGatheringEvidenceOfStralkers.jpg Jen More was tracing down the fraud and rackettering of this as I was.

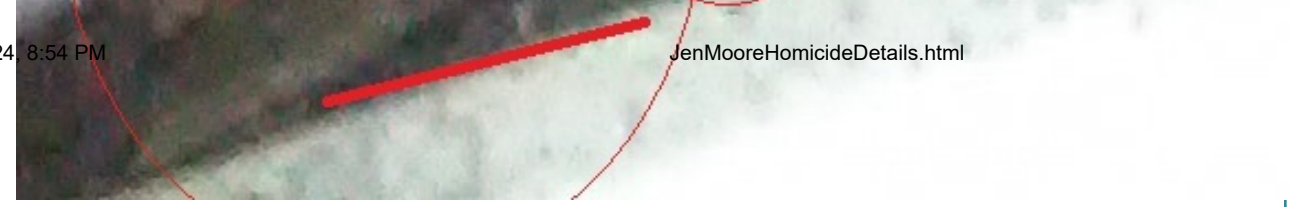
- Emezzelers have captured funds into bank accounts tied to them but falsy claimed are actually mine use Identity Theft and other Fraud tactics to hold, and money launder the funds due me but held by others. I have no verbal, financial, or any another account of the financial accounts but others use identity theft to create the cover story I am aware of the money and I am spending out of it. Chris Lloyd of Orinda California appears central to this illegal scheme.

RuizSnip.jpg

August 7, 2018 five days before the death of Jen Moore I detailed to Capitol police an impersonator of me not me is confessing to things I did not do but it appears I did and I am/was in flight from an illegal protection racket and provided details of it. Jen Moore also had the details and was whistle-blowing the criminal enterprise and why illegal attacks upon me and her were occurring via thugs the police were in control of and directing.

I also sent Fetlife my allegations and authorized any and all parties to cooperate with police in any way requested of theme and authorized any true and firsthand knowledge of me of any type be made available to the police. I have long asserted this is an illegal program and legitimate scene members should purge it from scene activities.

I posted my data to Youtube and many other locations as I left Texas and alerted others criminal racketeers were using me as a mark to their criminal racketeering operations.



CroppedTubPhto.jpg

In a zoom in of a fire location is a seeming image of a body of a person hands accross the chest with dolls including a monkey doll near the head and the body of the person cut in half. That location had a Neighborhood Watch sign as I saw depicted have been told about and heard about Mark Gonzales or others are using adult entertainer to extract confessions and restiution for allegation about me from an impersonator of me. It uses indentity theft and money laundering.

Jen Moore asserted and partially showed to the camera that she had the CIA files on the true story of Glorian Donegan and knew the history of the research being conducted into certain genetic personality features of hidden identity persons going all the way back to the days following WWI and MK-Ultra origins.

There are two pieces symmetric to each other that Jen Moore was reporting. The ***Motive*** and the ***Means***. The Motive of the Mafia now working at the behest of the Elites is to destroy the life and home and health and live-work homes and credibility of Ed Donegan because his family is connected to (as are today's government figures) the Kennedy Assassination. To silence and discredit Ed Donegan leads into Means part and that is the police setup and are operating an illegal protection racket that uses fake allegation against Ed Donegan to create a social theory he is to be black-listed, his computers should be destroyed, he should be kept out of housing, and even attacked by thugs because IF the smears are true that the protection racket asserts are true than that should be done to him.

The FBI and CIA and others turning to low income crime groups to operate the Protection Racket offers a great deal of flexibility in the program because that group of patrollers against alleged offenses is open to a wide range of criminlality as prison-snitch operatives.

The Assassination of Jen Moore By Espionage Controlled Mafia

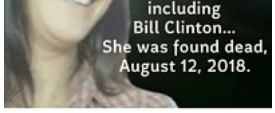
I Edward Paul Donegan and many others can report and document that thugs are part of policing now when policing wants to deny their activities. Thug violence occurs with the police standing next to and controlling the thugs. It is as if a nuclear materials worker is using a set of gloves to handle something (nuclear materials) they themselves are fearful of touching with their own hands. The thugs brag they have DHS, FBI, etc., being them (even as snipers) as they commit illegal acts. Even if the police are present or are called immediately after the thug attack the police will not interrupt or prosecute the attack.

These elites who order police assaults on the public are concerned the truth of the Kennedy assassination will ever be told; something Jen Moore and I are trying to do including corrupt acts and racketeering tied to the family history and family of Glorian Donegan and attempts to report that history.

A person is a look-alike of me in public locations and apartments and gyms. This person I call Mr Rumph because he calls himself that at times is a peeping tom and will be trained to throw money at adult female buttocks, those who are hired to show them off to him.

The FBI with those cooperating with the FBI tie this person to me. It is not me and it IS a protection racket whose labor utilization includes hiring adult

called "That Thing You Do!", in Jimmy's garage. Needing a name for the band, Jimmy's girlfriend Faye proposes "The Oneders", a play on the Beatles.



The counter-help will narrate that they are fighting nazis in the operation of the racket but nothing could be a more complete reversal of the truth. These GangStalk racketeers are the continuation of genoracketeering and criminality by government officials that are known to be and described to be repugnant markets.

I Edward Paul Donegan assert part of that blackmailing operation has survivded and continues only because of 5 previous homicides that have silenced any knowlege of the program that has been long-running. The program is also tied to arson.

After an explanation of how the public appearances that are an abusive and harassing smear campaigning are being staged with the help of Racketeering Influenced Agents in Agency with Organized Crime participating in illegal Street Theater I will show this system is both State sanctioned and criminal money laundering, racketeering, and even assassinations threats of assassinations.

Diegesis (/ˌdaɪəˈdʒiːsɪs/; from Ancient Greek διήγησις *(diḗgēsis)* 'narration, narrative', from διηγεῖσθαι *(diēgeîsthai)* 'to narrate') is a style of fiction storytelling which presents an interior view of (a created fictional ongoing real time imagery) a world in which the narrator presents the actions (and sometimes thoughts) of the characters to the readers or audience. Diegesis can be experienced by both the characters within a piece and the audience.

Origin[edit]

Diegesis (Greek διήγησις "narration") and *mimesis* (Greek μίμησις "imitation") have been contrasted since Aristotle. For Aristotle, *mimesis shows* rather than *tells*, by means of action that is enacted. *Diegesis* is the *telling* of a story by a narrator. The narrator may speak as a particular character, or may be the *invisible narrator*, or even the *all-knowing narrator* who speaks from "outside" in the form of commenting on the action or the characters.

On August 12, 2018 Jen Moore was found dead. Two of her videos had these names. "*Good Versus Evil We Must Fight On*" and "*Conspiracy Theorist Versus Truth Teller.*" She also posted on GangSTalking and proving their illegal activities that they deny. The police operates these gangs of thugs and can and will "silence" any new information on the Kennedy assassination she was trying to release. After her death and facing the same violent attacks and threats from police I continue to tell the story she and I assert. She was reporting on (whistle-blowing) an impersonation scheme tied to the Donegan family (my family, my mother and me) and an illegal program money laundering protection racket that used an impersonator to confess to fake allegations which funded an illegal slush fund run under color of law. There is a chapter on her death and reports about from OANN News and other sources but a great deal of confusion remains and denials from the FBI (unexpectedly) continue as well.

It is the story of the Special Relationship with Great Britain the began around a plan using bastard children of Windsor family around the world under cover identities the hope being the influence of Great Britain could be expanded again while keep certain of the genetic defects of the bastard children studied and hidden.

And if you want, I will show you things that I find fascinating.

My aim is to provide a safe space where you can feel relaxed and able to express an honest, carefree version of yourself. The moments I find most enchanting are when we can play off of each other, unravel what the other person likes and simply, have fun! I suspect the transformation of something good into something which lingers is a delicate reaction, the catalyst being perceptivity.

Jen Moore was whistle-blowing an illegal operation under Color of Law (to appearances it is law enforcement conduct upholding the law) when in fact it was illegal conduct that utilized State resources and those who were influenced to participate in State activities be they individuals or organizations) who used covert racketeering and money laundering whose functions included a mafia presence inter-woven into the puplic fabric who utilized under-cover agents for misconduct often re-inforcing each and and working in tandem to carry out dirty tricks. These CIA, FBI, NSA, Secret Service, and other groups and those acting in concert with them create sham investigations staging an investigory interest in a person when there is no investigatory interest and that target (and perhaps a target of a Grand Jury) for the purpose of both defrauding the target and also perhaps and more likely discrediting the target which is in the interests of the elites who fear that their target has information the elites fear, and that information goes back to Allen Dulles, John Folster Dulles, the McMartin School, Franklin Nebraska, and gentics and eugenics studies and hidden identities of bastard children of elites that have existed for generations in some family lines.

The Legend is created that fake Ed with his hand in his pocket is a wanker wanking, "fapping" to the sight of the buttoccks of teens and minors and other women near him, thus Ed's pornoagraphy which creates a DNA debt owed
Their Camera Phone

Two particular figures (in addition to my deceased brother Tom Donegan) have been part of highly placed and closely placed elder-abuse and fraud against myself Edward Paul Donegan over a long period of time costing me a decade of recently occurring and still present homelessness and series of losing legal efforts against the harassment that was conducted from a position of power.

The two figures are Tia Marselli from the ARC of Northern Virginia and Mark Gonzales who was the District Attorney for Nueces County Texas.

[I]n 2016, Nueces also elected Gonzalez, a 38-year-old Democrat and self-described “Mexican biker lawyer covered in tattoos.” Before being elected, Gonzalez had never prosecuted a single case: For his entire 10-year career, Gonzales had specialized in getting accused criminals off the hook-working most closely with low-income, mostly minority offenders, fighting low-level charges for marijuana and other substances. His pride in his work is expressed in a spectacular tattoo that he had inked across his chest a few years ago, reading, in colorful gothic type, “Not Guilty.”

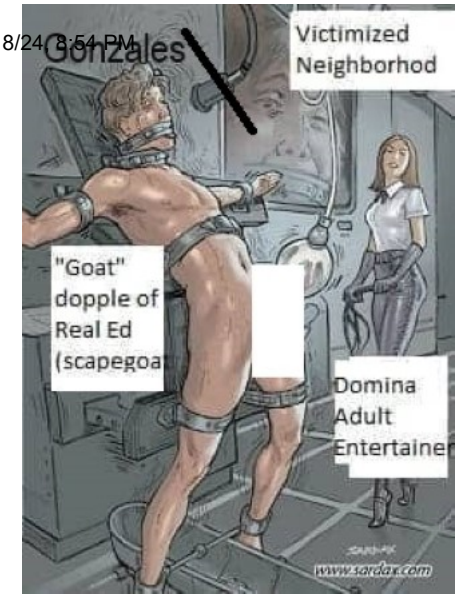
Gonzalez’s résumé puts him in a small but striking new wave of U.S. prosecutors, politically liberal and in some cases even civil-rights advocates, who’ve been elected to roll back the excesses of the past 20 years’ worth of tough-on-crime laws. But what might make him the single unlikeliest DA in the United States isn’t his legal philosophy or his politics, but what’s stamped on the immense red belt buckle he’s wearing: the insignia of the Calaveras, the motorcycle club Gonzalez belongs to, which describes itself as a charity group but which the state of Texas officially considers a gang. With that comes a unique situation faced by no other elected official nationwide: Gonzalez, the county’s district attorney and regarded as a potential rising star in Texas politics, is considered by local police to be a registered gang member.

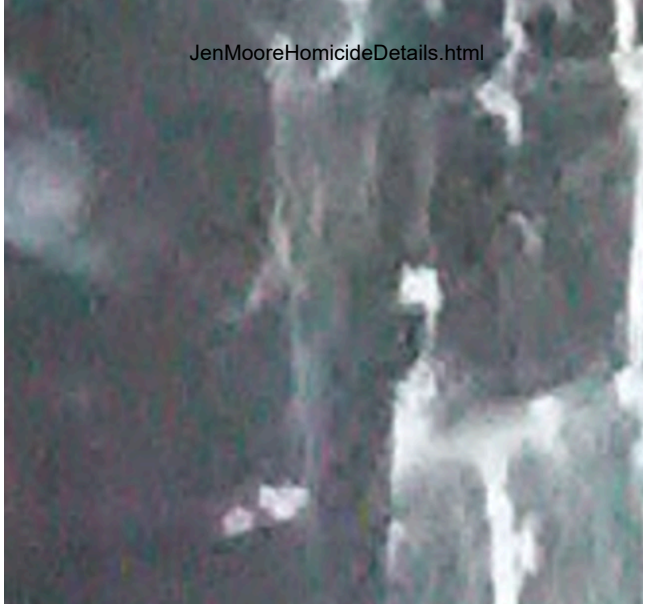
The intricate red-and-gold belt buckle of the Calaveras motorcycle club A belt buckle with the insignia of the Calaveras Motorcycle Club, of which Gonzalez is a member-one of many belt buckles he regularly wears.

He connected with the Calaveras 10 years ago after they asked him to be their defense attorney for occasional DUI- or marijuana-related cases, soon joining them as a full-on member. It’s a partnership that has brought him a lot of joy and a lot of business, but it also ensures he can never quite relax about how the public sees him. At least once last year he had to explain to a police officer who pulled him over for speeding that he would come up in his system as a known gang member-and, full disclosure, that he was also the county’s district attorney.

…

The smear campaign and Protection Racket defending against and compensating injuries that do not exist are what these two seemed involved in (shaking down the trust fund as abusers of immigrants and biker gang members who want protection racket money to patrol with nice new cards and bikes) thus creating was the Legend of the Retarded Mr. Rumph. He loves em' is rumphs that he can view but gets caught because he is so retarded. The gullible person impersonating me in that fictitious character leaves of trail of clues and forgeries that I Ed Donegan (whose identity he has stolen) is a harm to others and needs to and is willing to pay the fees out for damaging others but after that will have sex ed workers who are high priced models





In a set of apartents one that looked like mine but wasn't and a neigborhood watch apartment next to it a fire occured. In a letter of resignation to Governor Greg Abbott, Gonzalez said the trial will not happen, because "I refuse to play this rigged Republican game, particularly considering Republican's hypocrisy, as their presumptive presidential nominee is under indictment in four jurisdictions across this beautiful country and no less revered."

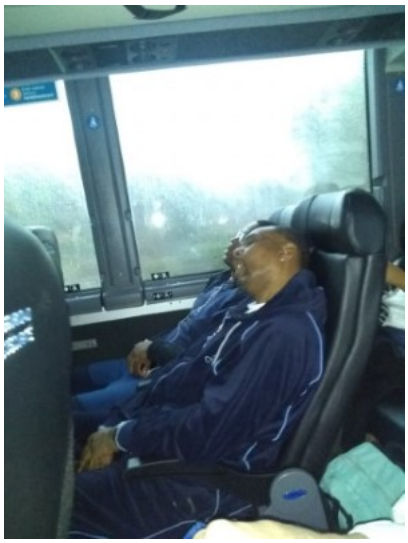
When he was in office or newly elected? "One thing to know about Neuces Texas DA Mark Gonzales is he is a known gang member recusing himself from his own gangs murder cases and anti white pro Hispanic immigrant politics and national magazines called him the most unlikely DA in the America. His biker gang began patrolling against threats to immigrant children and I was portrayed as one (a threat), and a person who wanted to view young children exploitative and an impersonator of was confronted and had to pay up or be arrested from a conservancy likely operated by himself or himself in conjunction with others.



Double Cut-Outs are used for dirty tricks then themselves subjected to them before they talk

Before leaving Casa Linda on South Staples Street Corpus Christ city and Nueces County I had gathered evidence on the fire, the impersonations ring, money laundering, and government involvement and I asserted the first use of then the discrediting, bullying, and terrorizing of Veronica Hoffman were part of a long running operation that did follow me to William Ruiz home in Capitola then to Stay and Play in the Monterey Bay area of mid California. Harvey Dent was the name used by a person accusing Hoffman of being a bipolar person and a person not to be believed and I think that was his play-acting name.

Harvey Dent.docx is in the directory of the documents I gave to Capitiloa police and otehrs in the area. Here are some screenshots of that document.

She had posted in public that working in a correctional facility she really made those who did not respect women as law enforcement does should really have to pay out when caught in her trap. One such person looked like me but she never spoke to me again after original freindly conversations.

very sad... What's fucked up is that a lot of the drugs that are used to treat depression can excaserbate suicidal though

This building which LOOKS like my building and LOOKS like it has my apartment, with my blue chair outside, is the one which later caught on fire, a repetition of the pattern of what happened in Arlington VA. These are dangerous international terrorists. And the FBI is too busy soliciting teen prostitutes to be bothered by that. Southern Comfort Apartments also had the same building design and fake ED DONEGAN apartments. My building was 3253 S. Staples Street, "FUSED" to this other apartment by corrupt RICO operators

Usually the teams impersonating Ed Donegan to put my DNA on black market human trafficking uses something tied to identity such as one person in the group uses a friend of mines identity falsly such I seem to be with my old friends, though all impersonated together, not any real identies. #2009 Gunderson, Ed. Veronica Hoffman, better known in the scene as Mistress Veronica, died earlier this week in Los Angeles. Her close friend Tony Mitchell has written more on his site, and will publish an online remembrance later.

The evidence I was collecting and showing to the Captitola police and others included in my file Picture18.png and that file is deceased Veronica Hoffman. Her, Bobby Courtney, a florist vendor named Jimmy and others first were used as play-actors in a scheme linking me to staged events then each of them died and in Veronica's case was discredited by the same means and by the same people Tom Dunham and I have been discredited by AND from Tom Dunham's apartment I emailed her and others are all of us are linked together in chessboard of illegal fabric of mafia raketeering and backstabbing, and cover conspiracy against rights and subversion.

Pizzagate

One assertion she made is Mike Pence was protecting an illegal program called Pizzagate and I assert this is the program I am asserting does exist and is illegal in fact even extortion and may be called EXTORION17 inside the military NDAA system. Sugestive, lewd, harassing, licentious, is pantamined in my vicinity in places I go like shopping and gym and home and work (writing) locations. Sexually suggestive and lewd behavior is clearly directed at me; in in furtherance of extortion, suggestive conduct is used to suggest (at times back by death threats or violent attacks) that my purpoerted desires that were puportedly wanted by me now will cost me and pay-outs will be required for my having been in the location of lewed conduct.

There are many crimes inter-woven in the extortion crime ring. Money laundering occurs as well as identity theft when my identity is used rather than my own to confess to alledged harmfull conduct I seem to be linkded to and a racketeering layer of conservancy I don't need or want is what is used to complete fencing, the racketeering financial operations conducted behind my back by others.

Stay and Play

In interstate commerce much of this that had origins in Virginia and Texas led to events in California. I had rented a room at Stay and play and was document in Californinia the identyt theft and money launndering. The techniques used by Jim Vockelca I documented were of the sam modus operadia that had been used by Wiliam Ruiz and earier events in Virigina. To create confusion him Vockelckw was make a statement that would have originated with me. William Ruiz stated he had just come from mountain camping and had not used an apartment shower in two weeks. That fit me who bathed in lakes or park showers or a few days apart or the gyms I belonged to.

Jim Vockelca made statements that he did not enlist in the US Miltary but did simeilar work later in life. This fit me when I turned down Cryptanalist but later configured cryptographic equipment in high tech as as specialty.

As I gathered the evidence of a slush fund fraud that got me blacklisted from housing on the assertion I had been a peepr of females Jen Moore had it as well and she knew that the reason I was being evicted from places I wanted to write in (I had said to Jim Vocekla I wanted to live with him for one years

Jen Moore and I (and Ted Gunderson and Geral Sosbee and others) assert GangStalkers are covert operators who for officials and by officials and by assets recruited by officials use illegal dirty tricks to conduct illegal dirty deeds. This include break-ins and physical attacks, arsons, poisonings, and other crimes including those listed in the Organized Crime statutes thought the Gang Stalkers deny illegal conduct and act under excuses and possible at times may not know their actions are illegal since these assets were approaced by law enforment under the guise a real investigation was underway.

Linking me to what I am not linked to is the basic foundation of the fraud. People like Soveriegn RICO who was a black male in a Washington D.C. cold weather shelter will steal an item from me OR plant an item on me. Here my phone was stolen from him and he surfred teen girls while masturbating inoto a sink and took pictures of himself with my phone and changed my facebook to his name. He said he was going to make girls preggo from this.

This had been going on in Corpus CHristi and in that location gay women, often couples in their twenties began shouting at me YOU HAVE TO GIVE ME BABY and things like that and the indigent women began hiking their pants up at me as others did too. Children wore loose fitting clothes emphasising both their underdeveloped legs and hips and the their vulnerabilty to a peeper.

All of the charades and parades were based on mocking me as a toxic person. I had heard and had evidence on those who were using my identity to concede to (upon confrontation) beig a Tree House peeper, one who used living near others to peep out at those who were in the open public areas, thus that person was a threat to those in public.

As others have noted this did not fit my emphasis on consensuality nor my tast in women, in fact it was an attempt to compete with me, out of a desire that my lifestyle easthitic of right wing survivalilst cynicism and non-christian paganism sometimes tied to that would better belong to far left wingers.

If it were just political there may be some basis for the FBI concept of preemption but there was not just harrassment by staging derogatory KOMPROMAT abotu me, it (the actions of others) demanded a sluch fund be paid into and that even was repugnant market demands for fertiality aids. Not always stated directly but at times so people wanted sperm bank rights. All of this was based upon fabricated ands staged and fraudulent claims I had harmed and was toxix to peole in violation of the law. In violation of the law is a key phrase. It is not that the law coudl not catch me photographing children. I was not. I was photobombed by children as I was taking pictures of other things. Those who were criminils and hard to catch were those placing the children around me because they assert it was a public place and they had the right to plane their children anywhere.

So if you seem me at the Hollywood sign looking at it from the Grifith Observatory there could be two explanations. I was their to photograph the teen in-between me and the sign OR the sign and the teen got in the way of that.
